Matching Road Fund Grants

DRCI will again offer Matching Road Fund Grants to road groups around the basin.

Guidelines for Road Groups to Apply for matching DRCI Funds
(As of April 15, 2023)

As part of the Emergency Access Initiative, the DRCI Board of Directors has compiled the following list of guidelines for DRCI Road Groups who wish to apply for matching DRCI funds:

1. The group MUST have the involvement of the majority of shareholders in the area where the work is being completed.
2. Road Group must form an association with a separate checking account (no personal checking accounting allowed)
3. Monies awarded must be used for main artery roads (no private driveways)
4. Each group must define the parameters of their project (from where to where)
5. Copy of invoices for project need to be provided to DRCI. (The DRCI board of directors wishes to keep track of the money spent on improving DRCI roads)
6. DRCI requests before and after pictures of the project
7. Any permits required must be in the name of the road group, paid for by the road group and must be applied for before the project begins.

Each established road group may apply for up to a \$2,000 match by DRCI

Deadline for application of funds for 2023 is July 31, 2023, the deadline to use these funds is December 1, 2023.

This project will be re-evaluated in January 2024.

All decisions by the DRCI board are final.

Reminder: Rules, Regulations & Procedures for Road Construction & Maintenance must be followed when improving the DRCI road system. Guidelines are posted on the DRCI website. www.drcicampersinc.com

The DRCI Board of Directors must approve any work other than grading & filling potholes.

RULES REGULATIONS AND PROCEDURES
FOR
ROAD CONSTRUCTION AND MAINTENANCE

Section 1 – Purpose and Authority

Dead River Camper's, Inc., by virtue of the Declaration and corporate by-laws has jurisdiction over all private roadway easements that cross Development lands. The following rules, regulations and procedures will serve to guide the membership when applying to improve existing private roadways or to develop new roadways that cross lots, common lands and/or the three hundred feet (300 ft.) wide no-cut zone that borders the high water elevation (Green Belt). It is intended that these rules and regulations will provide a uniform means for processing and approving applications for construction, use or maintenance of said roadways.

Section 2 – Definitions

"Association" shall mean Dead River Campers, Inc., a Michigan corporation, acting through its Board of Directors.

"Common Lands" shall mean any property other than Lots within the Development.

"Construction" shall mean any activity, such as but not limited to, excavating, ditching, placing of embankment, cutting trees, removing stumps and etc.

"Declaration" shall mean that ownership document dated March 2, 2000, recorded in Liber 161, Pages 257 – 273, at the Marquette County Court House, Marquette, Michigan, which sets forth covenants and restrictions that run with the land and is binding on anyone who owns and interest in any land within the Development.

"Development" shall mean the property located in Marquette County, Michigan, described on Exhibit A attached to the Declaration which includes Common Lands, member Lots and vacant Lots.

"Green Belt" shall mean that 300 ft. wide strip of land that circles the Dead River Storage Basin starting at and commencing inland from elevation 1341.0 NGVD.

"Lot" shall mean any one of the Lots within the Development, the assessor's plat and/or metes and bounds description of which is described on Exhibit B attached to the Declaration. "Lots" shall mean all such Lots.

"Permitee" shall mean the person/persons granted a permit for any activity related to roadways within private roadway easements that cross Development lands.

Road Work being completed around the basin with matching funds from DRCI

Wear Your Lifejacket!

LIFEJACKETS MATTER!

Consider the following statistics:

- *98% of all canoe/kayak operators had a PFD with them

- *63% of all paddle craft operators wore their PFD all or most of the time

- **75% of all canoe/kayak fatalities were not wearing a PFD

*Source National Recreational Boating Survey, conducted by JSI Research and Training Institute

**U.S. Coast Guard Boating Statistics

Who May Operate a Personal Watercraft? (PWC)

Those less than 14 years of age may **NOT** legally operate a PWC.

Those 14 and 15 years of age may operate a PWC legally **only if** they have obtained a boating safety certificate *and . . .*

He or she is accompanied on board by his or her parent or legal guardian or by a person at least 21 years of age who has been designated by the parent or legal guardian **or. . .**

He or she is operating or riding the PWC at a distance of not more than 100 feet from his or her parent or legal guardian.

Those at least 16 years of age and born after December 31, 1978 may operate a PWC legally **only if** they have obtained a boating safety certificate.

Those born on or before December 31, 1978, may operate a PWC legally without restrictions.

“Slow, No Wake Speed” means the slowest speed at which it is still possible to maintain steering and which does not create a wake.

Reckless Operation of a vessel or reckless manipulation of water skis, a surfboard, or similar device is defined as an operation that disregards the safety or rights of others or endangers the person or property of others. Some examples are:

- Weaving your vessel through congested waterway traffic or swerving at the last possible moment in order to avoid collision
- Jumping the wake of another vessel unnecessarily close to the other vessel when visibility around the other vessel is restricted
- Chasing, harassing, or disturbing wildlife with your vessel
- Causing damage from the wake of your vessel.
